

AIM Exam Patient Weight Limits

(1-21-2010)

PVC Stretcher	300 pounds
DEXA	300 pounds
X-RAY	350 pounds
US	350 pounds
Nuclear Medicine	400 pounds
CT Scan	440 pounds
MRI	440 pounds

If a patient exceeds the weight limit for either the PVC stretcher or the exam room table listed above, we cannot perform the exam at AIM.

This is for safety of the patient and employee.
